

Section Index No.	Subsection Index No.	Subject
5-393.000		GENERAL
	5-393.001	Introduction
	5-393.002	Technical Certification and Duties for Inspectors
	5-393.003	Field Office and Laboratory
	5-393.004	Plan Review
	5-393.005	Preconstruction Conference
	5-393.006	Control of Work
	5-393.007	Control of Utility Work
	5-393.008	Removal of Existing Structures
	5-393.009	Shop Drawings
	5-393.010	Safety
	5-393.011	Construction Diary
	5-393.012	Protection of the Environment
	5-393.013	Photographs
	5-393.014	Materials
	5-393.015	Field Plan Changes
	5-393.016	As-Built Bridge Plans
	5-393.017	Surplus and Salvage Materials
	5-393.018	Vertical and Horizontal Clearance for Traffic
5-393.050		SURVEYING AND STAKING
	5-393.051	Construction Surveying
	5-393.052	Staking Bridges
	5-393.053	Benchmarks
5-393.100		FOUNDATIONS
	5-393.101	General
	5-393.102	Cofferdams
	5-393.103	Concrete Seals
	5-393.104	Excavation
	5-393.105	Disposal of Materials
	5-393.106	Drilled Shafts
	5-393.107	Footings
	5-393.108	Foundation Soils Examination and Soil Bearing Tests
	5-393.109	Backfill - General
	5-393.110	Backfill - Culverts
5-393.150		PILE DRIVING
	5-393.151	General
	5-393.152	Use of Survey Sheet
	5-393.153	Pile Nomenclature
	5-393.154	Storage and Handling of Piles
	5-393.155	Splicing Piles
	5-393.156	Jetting and Preboring
	5-393.157	Driving Equipment
	5-393.158	Inspection of Pile Driving - Timber Piles
	5-393.159	Inspection of Pile Driving - Steel Piles

	5-393.160	Pile Driving Formulas
	5-393.161	Inspection of Pile Driving - Equipment
	5-393.162	Inspection of Pile Driving - Process
	5-393.163	Pile Bearing Tables
	5-393.164	Pile Information Tables
	5-393.165	Test Pile and Pile Driving Reports
	5-393.166	Pile Driving Analyzer
	5-393.167	Pile Load Tests
	5-393.168	Payment for Piling
5-393.200		FALSEWORK AND FORMS
	5-393.201	Introduction
	5-393.202	Form and Falsework Materials
	5-393.203	Deflections and Alignment
	5-393.204	Formulas and Standard Loads
	5-393.205	Falsework Details and Analysis
	5-393.206	Pier Cap Falsework Example
	5-393.207	Roadway Slab Falsework Example
	5-393.208	Slab Span Falsework
	5-393.209	Needle Beam Example
	5-393.210	Column Examples
	5-393.211	Joist and Stringer Tables
	5-393.212	Form Details
	5-393.213	Pier Cap Form Example
	5-393.214	Abutment Wall Form Example
5-393.250		METAL REINFORCEMENT
	5-393.251	General
	5-393.252	Cutting and Bending
	5-393.253	Epoxy Coated Bars
	5-393.254	Storage and Protection
	5-393.255	Placing, Supporting and Tying Reinforcement Bars
	5-393.256	Splicing Reinforcement Bars
	5-393.257	Welding
	5-393.258	Welded Wire Fabric
	5-393.259	Prestressing Steel
	5-393.260	Pay Quantities
	5-393.261	References and Materials Information
5-393.300		CONCRETE
	5-393.301	General
	5-393.302	Concrete Mix
	5-393.303	Material Requirements
	5-393.304	Concrete Quantities

5-393.350		CONCRETE BRIDGE CONSTRUCTION
	5-393.351	Preparations for Concrete Placement
	5-393.352	Concrete Placement Equipment
	5-393.353	Concrete Placement
	5-393.354	Concrete Placement in Cofferdams
	5-393.355	Removal of Forms
	5-393.356	Surface Finishes
	5-393.357	Architectural and Special Surface Finishes
	5-393.358	Placing Bridge Roadway Slabs
	5-393.359	Finishing Bridge Roadway Slabs
	5-393.360	Concrete Curing
	5-393.361	Cold Weather Protection
	5-393.362	Vibration Protection
	5-393.363	Bridge Deck Low Slump and Latex Wearing Courses
	5-393.364	Diaphragms
	5-393.365	Anchor Bolts
	5-393.366	Construction Joints in Concrete
	5-393.367	Joints Designed for Movement
	5-393.368	Joints at Abutments
	5-393.369	Joint Filler Material
	5-393.370	Expansion Devices
	5-393.371	Sidewalk and Curb Plates
	5-393.372	Bearing Assemblies
5-393.400		STEEL BRIDGE CONSTRUCTION
	5-393.401	General
	5-393.402	Fabrication
	5-393.403	Shop Detail Drawings
	5-393.404	Structural Metals Shop Inspection
	5-393.405	Field Inspection of Materials
	5-393.406	Field Layout
	5-393.407	Falsework
	5-393.408	General Erection
	5-393.409	Erection Pinning and Bolting of Field Connections
	5-393.410	Erection of Bearing Assemblies
	5-393.411	Erection of Beam, Girders, Diaphragms, etc.
	5-393.412	Erection of Expansion Devices
	5-393.413	Erecting Metal Railing
	5-393.414	Bolting of Permanent Field Connections
	5-393.415	Welding
	5-393.416	Straightening Bent Material

5-393.450		SURFACE PREPARATION AND PAINTING STRUCTURAL STEEL
	5-393.451	General
	5-393.452	Materials
	5-393.453	Surface Preparation
	5-393.454	Application of Industrial Coatings
	5-393.455	Final Cleanup and Miscellaneous
	5-393.456	Steel Structures Painting Council Excerpts
5-393.500		TIMBER CONSTRUCTION
	5-393.501	General
	5-393.502	Materials
	5-393.503	Pile Bents
	5-393.504	Framing
	5-393.505	Wearing Course
	5-393.506	Glue Laminated Timber
	5-393.507	Connectors
	5-393.508	Hardware
	5-393.509	Field Treatment
	5-393.510	Placing Rip Rap for Timber Structures
5-393.550		CONSTRUCTION ON RAILROAD RIGHT OF WAY
	5-393.551	General
	5-393.552	Diaries and Reports
	5-393.553	Surveying
	5-393.554	Clearances
	5-393.555	Pile Driving
	5-393.556	Excavation
	5-393.557	Flagging Protection
	5-393.558	Material Records
	5-393.559	Force Account and Labor
	5-393.560	Equipment and Rental
	5-393.561	Work Not Covered by Agreement
	5-393.562	Certification and Final Force Account Bills
5-393.600		CONDUIT SYSTEMS
	5-393.601	Conduit Systems
5-393.650		QUALITY CONTROL
	5-393.651	Quality Control
5-393.700		GLOSSARY
